

IFISA Mission Statement

To further the professional status of Flight Information Services, to enhance its stature and to promote aviation safety both nationally and internationally.

What are the goals of IFISA?

To protect and safeguard the interests of the Flight Information Service Officer.

To establish a close working relationship for ICAO & EASA to improve and standardise the FISO service internationally

To allow national FISO associations/unions/trade unions to work together for the first time.

Associations Objectives:

Safety

To promote safety, efficiency and regularity in International air navigation.

Assist Development

To assist and advise in the development of safe and orderly systems for the Flight Information Service.

Promote Knowledge

To promote and uphold a high standard of knowledge and professional efficiency amongst Flight Information Service Operators.

Co-operate with Authorities

To closely co-operate with International and National aviation authorities and institutions concerning the Flight Information Service.

World-wide Representation

To strive for a world-wide Association to act as an umbrella organisation for National Flight Information Service Associations.
